Top GO biological processes enriched in CollagenHigh tumors
CollagenHigh vs CollagenLow (GSEA, GO:BP)
adaptive immune response based on somatic recombination of immune receptors built from immunoglobulin superfamily domains
adaptive immune response
lymphocyte mediated immunity
B cell mediated immunity
immunoglobulin mediated immune response
external encapsulating structure organization
extracellular matrix organization
extracellular structure organization
humoral immune response
cell chemotaxis
leukocyte mediated immunity
leukocyte proliferation
mononuclear cell proliferation
lymphocyte proliferation
response to molecule of bacterial origin
cell killing
positive regulation of cytokine production
leukocyte migration
leukocyte chemotaxis
regulation of mononuclear cell proliferation
